# EXECUTIVE SUMMARY

The Malaysian Sustainable Palm Oil (MSPO) certification scheme represents a national commitment to the sustainable production of palm oil. This certification is designed to ensure that all aspects of palm oil production, from plantation management to processing, adhere to strict sustainability standards. Maintaining this standard is crucial for promoting environmental stewardship, social responsibility, and economic viability within the palm oil industry. The MSPO standard is essential for several reasons, including environmental protection by ensuring sustainable land use and reducing environmental impact, upholding the rights and welfare of workers and local communities through social responsibility, meeting the growing global demand for sustainably produced palm oil to secure market access, and enhancing the credibility and reputation of the Malaysian palm oil industry. It aims to promote sustainability across the palm oil supply chain. These elements include management commitment and responsibility, transparency, compliance with legal requirements, social responsibility, health, safety and employment conditions, environment, natural resources, biodiversity and ecosystem services, best practices, and the development of new plantings.

MR3 Certification International Sdn. Bhd. (MR3) is a privately-owned company based in Malaysia, incorporated in 2019 with registration number 1314255-P. Our head office is located at Level 6 & 7, The Tribeca, No. 215 Jalan Imbi, 55100 Kuala Lumpur, Malaysia. MR3 specializes in certification audits across various management systems, focusing particularly on Sustainability, Quality, Safety, and Environment. Our team boasts over 15 to 30 years of experience in diverse industries and certification processes. We bring a unique blend of expertise from various sectors, providing detailed insights during the audit process whilst empowered to exercise our judgment and make decisions to ensure that our services are both effective and engaging. This right mix of knowledge and experience allows us to deliver high-quality service to our clients at every level. With our global presence, extensive experience, and customer-centric approach, we confidently offer specialized services that cater to the needs of organizations across different industrial sectors. Our hands-on experience and delivery style ensure accurate and prompt service, establishing a solid foundation for the services we provide. Being a Certification Body, we play a pivotal role in the MSPO certification process with responsibility to conduct rigorous audit and upholding the integrity of the MSPO scheme through unbiased and transparent evaluation processes.

Achieving MSPO certification offers numerous benefits to palm oil producers. These benefits include enhanced market access by opening doors to international markets that demand sustainably produced palm oil, improved operational efficiency through the adoption of best practices that improve productivity and reduce costs, demonstrating a commitment to sustainable development and corporate social responsibility by having a positive social and environmental impact, building trust and confidence among consumers, investors, and other stakeholders through stakeholder confidence, and ensuring adherence to national and international regulations and standards by maintaining regulatory compliance.

In conclusion, the MSPO certification is not merely a standard but a strategic initiative that underscores the industry's commitment to sustainability. By maintaining rigorous compliance with the MSPO standards, the palm oil industry in Malaysia can continue to grow responsibly, benefiting the environment, society, and the economy.

# THE AUDIT PROCESS

The MSPO audit process is comprehensive and involves several key steps. These include pre-audit preparation, reviewing documentation and planning the audit scope, conducting on-site assessments to verify compliance with MSPO principles and criteria, engaging with stakeholders to gather additional insights and feedback, compiling findings into a detailed report that highlights areas of compliance and opportunities for improvement, and conducting follow-up assessments to ensure corrective actions have been implemented.

With reference to MSPO Certification Scheme Document dated 05 January 2023, Section **3.3 REQUIREMENTS FOR LEAD AUDITOR, AUDITOR AND TECHNICAL EXPERTS**. This assessment has been conducted by the following approved assessor(s) which hold sufficient qualifications and experiences to conduct MSPO Assessment. MR3 Certification International Sdn Bhd holds copies of educational qualifications, certificates and audit logs for each of the audit team members.

Summary of the Assessor's credentials are as follows:

**NOTE:**

*By the virtue of random sampling approach, there may exist chances of non-conformities not being identified during the assessment. Such occurrence shall therefore not be related with the assessor's competency and integrity in any way.*

## AUDIT CONCLUSION & RECOMMENDATION

The audit team conducted a process-based audit, focusing on significant aspects and risk objectives required by the standard(s). The audit methodology employed the 3P approach: People, Paper, and Practice. The audit team concludes and expresses:

- CONGRATULATIONS; the management system is in full compliance.
- CONGRATULATIONS; however, some processes need to address non-compliance(s).
- SORRY; the organization has not established and maintained its management system in line with the requirements of the standard and has
- demonstrated
- not demonstrated the ability of the system to systematically achieve agreed requirements within the scope of the organization.

Based on the records, there are NIL unresolved issues. Therefore, the audit team recommends that, based on the results of this audit and the system's demonstrated state of development and maturity, the management system certification be:

- Granted (initial certification or recertification)
- Granted upon the acceptance of the non-compliance(s)
- Continued (surveillance)
- Continued (surveillance) upon the acceptance of the non-compliance(s)
- Withheld
- Suspended until satisfactory corrective action(s) is completed
- Other (please specify)

Please note that this conclusion and recommendation are based on audit sampling within the organization's management system and therefore do not guarantee 100% conformity with all requirements.
